

TRICHFECTA+[®]

COMPLETE BIOPONIC™ NUTRIENT PROGRAM

METRIC

ML PER LITRE

3+ PARTS	A	B	C	+	
* SEEDLING / CLONE	1 ML/LTR	1 ML/LTR	1 ML/LTR	—	360 - 400 PPM (0.7 - 0.8 EC)
** VEGETATIVE	2 ML/LTR	2 ML/LTR	2 ML/LTR	—	700 - 750 PPM (1.4 - 1.5 EC)
*** FLOWER	2.5 ML/LTR	2.5 ML/LTR	2.5 ML/LTR	2.5 ML/LTR	950 - 1000 PPM (1.9 - 2.0 EC)
**** PEAK FLOWER	3 ML/LTR	3 ML/LTR	3 ML/LTR	3 ML/LTR	1150 - 1200 PPM (2.3 - 2.4 EC)
***** WATER FLUSH				☹☹☹	0 PPM (0.0 - 0.0 EC)

BIOMEGA®'s TRICHFECTA+® Bioponic™ nutrient program, crafted to simplify and fine tune your cultivation process.

Combining the precision of hydroponic salts with the advantages of organic chemistry. Our Bioponic™ formulations are designed to remove counterproductive organic clutter, keeping your tanks and reservoirs clear and free from organic buildup and pH fluctuations.

Dr. Luther Thomas developed a unique hydroponic nutrient system, which he named 'Bioponics™.' It features a specific balance of salts and organic chemistry in certain ratios that work together perfectly.

We advise against adding extra additives, as this can disrupt the system's finely-tuned balance, and make elements work against each other.

Our pH Ready™ technology eliminates the hassle of constant pH adjustments.

BIOMEGA®'s TRICHFECTA+® Bioponic™ nutrient program is compatible with all soil and hydroponic substrates and systems, including both LED and HID lighting technologies.

Discover the ease and efficiency of BIOMEGA®'s TRICHFECTA+® Bioponic™ nutrient program – your complete hydroponic solution - From Beginning to End™

COST TO RUN

\$ PER LITRE

Program Size	Price of Set	Price per Litre Diluted (min)	Price per Litre Diluted (Max)	Savings (Compared to Smaller Sizes)
Full 1L Program	\$120.00	\$0.12/L	\$0.36/L	N/A
Full 5L Program	\$450.00	\$0.09/L	\$0.27/L	\$150.00 (1L)
Full 20L Program	\$1400.00	\$0.07/L	\$0.21/L	\$400.00 (5L)
